PETITION

To the Honourable the President and Members of the Legislative Council of New South Wales

The Petition of certain citizens of New South Wales state that they are completely opposed to the passage of the Voluntary Assisted Dying Bill 2021, in any form.

The proposed legislation provides for the establishment and ongoing support of a legal framework that will facilitate state sanctioned and funded assisted suicide and euthanasia.

The legalisation of assisted suicide and euthanasia, as provided for in the bill, uproots and sets aside key long standing criminal law provisions in the state and the ancient medical principle of "First do no harm" that are directed at respecting and protecting human life. All human life has an inherent value and must be treated with dignity and respect. Human life is the original and first human right for every person. It is intrinsic to each of us and binds humanity as one.

Your petitioners request that the House will unanimously oppose the Voluntary Assisted Dying Bill 2021, in any form, and reject it.
